Cobb County Tax Commissioner's Office Closing Motor Vehicle Office at 700 South Cobb Drive

Our Motor Vehicle Office at 700 South Cobb Drive will close permanently in November 2018. This location has served Cobb's citizens and commercial customers well for over 20 years. However, the complexity of retrofitting today's security, technology and business functions into that structure while striving to deliver exceptional customer service would be extremely costly and challenging.

To provide the best service to Cobb County citizens, our office is relocating our team members to the newly renovated space at 2932 Canton Road Ste. 300, Marietta, GA 30066 and other offices. The renovated space on Canton Road will feature additional workstations and expanded services to better accommodate citizens. The Tax Commissioner's Office is committed to providing service in a clean, safe and professional environment.

The Cobb County Tax Commissioner's Offices are open from 8am – 5pm, Monday thru Friday. Visit any of the following locations or self-service kiosks:
